Tell Congress to Keep the Orphan Drug Tax Credit!

Lawmakers are currently considering tax reform legislation that could repeal a critically important incentive for developing orphan drugs: the Orphan Drug Tax Credit (ODTC). Last month, the rare disease patient organization community came together to send Congress a [letter](#) detailing the importance of the Orphan Drug Tax Credit.

Now it's your turn! Please join us in telling Congress that repealing the ODTC is unacceptable. You can do this by [emailing your senators](#) or [calling](#).

Together, we can ensure that repealing the ODTC is unacceptable!
