

FA Biomarker Meeting

The **FA Biomarker Meeting** will be held on **September 28th, 2018** at the Center for Advance Medical Simulation and Learning in Tampa, FL. The purpose of the Biomarker meeting will be to review the state of biomarker and novel endpoint development for Friedreich's ataxia. Our goal has been to support research to identify new biomarkers that might be appropriate for specific contexts of use (pharmacodynamics/response markers, prognostic and monitoring markers), and to prioritize which biomarkers should be moved into larger studies and for use in trials. The meeting will include sessions on systemic, CNS and cardiac biomarkers. FARA's first biomarker meeting in 2015 resulted in the initiation of three protocols to pilot new biomarkers, data from which will be presented this year. The goals of this 2018 biomarker meeting will be to assess our progress in biomarker development and, based on findings, prioritize specific areas of biomarker and endpoint work going forward.

The meeting will be held in conjunction with FARA's signature gala event- the **FARA Energy Ball**. This multiday experience kicks off with an educational symposium the evening of Thursday, September 27 that includes research updates from the field's leading scientists as well as an interactive patient panel. The event series also includes an exclusive Patron Party, Friday, September 28 and will culminate in its signature high energy gala on Saturday, September 29 complete with plated dinner, live entertainment, and a silent and live auction rich with exclusive items and experiences. The planning committee amazes us every year with their creativity and attention to detail, making each year a unique experience and fun event. We hope you will be able to stay for these festivities. The sponsorship opportunities for this meeting are outlined below.

Sponsorship Opportunities:

\$10,000 Gold Sponsor

- Ten invitations to the FA Biomarker Meeting
- Logo recognition on the main screen during the FA Biomarker Meeting
- Prominent logo recognition on printed meeting materials
- Unlimited invitations to the "Understanding Energy For a Cure" Educational Symposium
- Four guest invitations to the Energy Ball Patron Party and the Energy Ball

\$5,000 Silver Sponsor

- 5 invitations to the FA Biomarker Meeting
- Logo recognition on the main screen during the FA Biomarker Meeting
- Logo recognition on printed meeting materials
- Unlimited invitations to the "Understanding Energy For a Cure" Educational Symposium
- Two guest invitations to the Energy Ball Patron Party and the Energy Ball

\$2,500 Bronze Sponsor

- 2 invitations to the FA Biomarker Meeting
- Logo recognition on the main screen during the FA Biomarker Meeting
- Name recognition on printed meeting materials
- Unlimited invitations to the "Understanding Energy For a Cure" Educational Symposium
- One guest invitation to the Energy Ball Patron Party and the Energy Ball
